Dear Agapitus,

I am pleased to include your name on the Dean's Honor List for the Fall Term of 2019. The Dean's List is one of several ways GGC recognizes students who have achieved superior academic success in their studies. Receiving this honor indicates that you have maintained a high standard of academic achievement by attaining a grade point average of 3.60 or higher after completing at least 12 semester hours.

Nelson Mandela said, "Education is the most powerful weapon which you can use to change the world." Your superior academic performance indicates that you are willing to work hard to attain your college degree. But just as important is the fact that your hard work is changing you in ways that will benefit you professionally and personally in the future. You should be justifiably proud of your accomplishments.

The faculty and staff in the School of Science and Technology and I wish you much success as you pursue your degree. Congratulations on your accomplishment and continued achievements in your academic endeavors.

Sincerely,

Joseph C. Sloop
Interim Dean
